Re: Request for Confidentiality

Gentlemen:

In reference to the application under FCC ID: **TCJ-M4BBDA8** and pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests confidential treatment of the accompanying information as outlined below:

Schematics

Parts List

Block Diagrams

Internal Photos

Theory of Operation

These documents contain detailed system and equipment description and related information about the product that Canam Technology Inc. considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Canam Technology Inc. considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market. Canam Technology Inc. insists that the internal photos be included in the confidential file. The internal photos display a confidential design and are not to be displayed to or reviewed by anyone other than CCS and the FCC.

Respectfully,

A handwritten signature in dark ink, appearing to read "Michael G. Martinez", is written over a horizontal line. The signature is fluid and cursive, with a large, sweeping flourish at the end.

Michael G. Martinez  
President
